

#wavewatching @ #SiPManc

Dr. Mirjam Glessmer
@Meermini · 2 minutes ago

Looking through tweets abt my @SiP2019 #wavewatching talk, I'm overwhelmed by how positive and supportive this community is. I arrived knowing only 1 person but left with many new friends. Feels truly heart-warming! Can't wait 2 see you all again!

My new friend at [#SiPManc](#), [@Meermini](#) giving a fantastic lightning talk at [@SiP2019](#) abt [#WaveWatching](#), whr she advocates looking at the world with a fresh set of eyes, & spreading the [#curiosity](#) arnd!

Also chck out her other [#scicomm](#) work: [#KitchenOceanography](#) & [#DropPhotography](#)!

#wavewatching with @Meermini: seeing pattern, and wondering what caused it, and being empowered to understand the world around us 🙌 #SiPManc

#SiPManc Here's an entry from @meermini's wave-watching blog, including nice comments on Manchester as a city and as a site for watching storm drains:

Wave watching #SiPManc

Osnat Katz @astrosnat · Jul 12

#WaveWatching is a way to get people to see the world with new eyes. And it's beautiful! #SiPManc

James Sumner @JamesBSumner · Jul 12

#SiPManc Now Mirjam Glessmer @Meermini on wave-watching. Nicely talks us through how explaining the patterns can offer insight into physical principles.

Dr Alice Motion 🌈 @all_isee · Jul 12

Now Mirjam S. Glessmer on a beautiful #wavewatching project helping people to spot patterns and their breakdown in the natural world and to try to find explanations. Diffraction and reflection patterns in water causing ripples for physics communication.

Sophia Collins
@sophiacol · Jul 12

This talk had grabbed me. Discovering fascinating physics:
[#WaveWatching](#), [#KitchenOceanography](#), and
[#DropPhotography](#) - Mirjam S. Glessmer (fascinocean,
Germany)

Science in Public Conference 2019
@SiP2019 · Jul 12

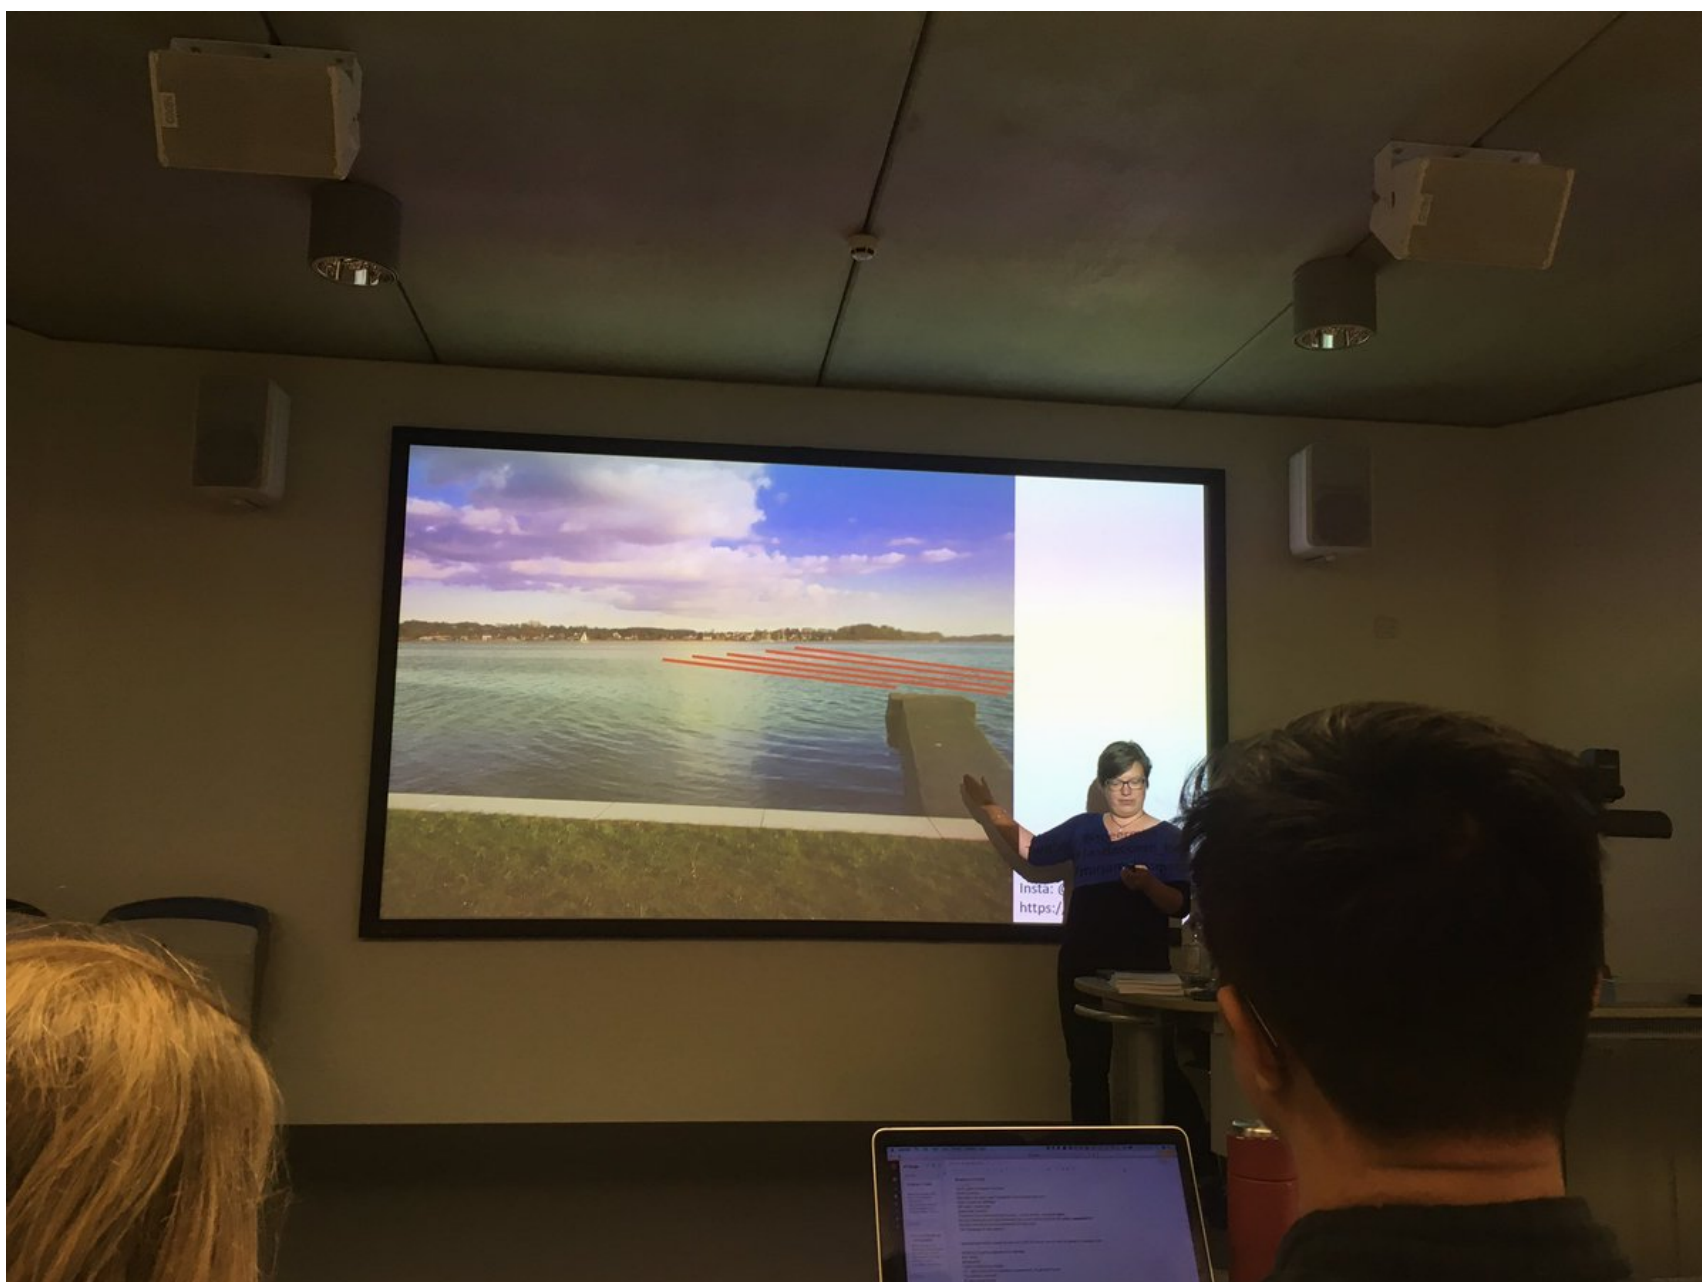

.@Meermini is now giving their lightning talk on [#wavewatching](#)
